Project Description

CDTC is partnering with Yellowstone National Park to refurbish erosion control structures, install waterbars and checkdams, clear corridor, revegetation of small social trails, and general maintenance needs along the CDT near the Howard Eaton Trailhead. This multi-day frontcountry project allows for a half-day in the middle for volunteers to explore the wonders of Yellowstone.

Plan

Volunteers will arrive on Sunday, September 8th, between 6p and 7p to pitch camp at the Old Faithful Corral. Come with a full tummy, as dinner will not be provided the first night. Starting Monday, September 9th, CDTC staff and volunteers will begin work on the CDT near the campsite, working between .5 miles from the Howard Eaton Trailhead and 3 miles in (to where Lonestar Geyser lies). Volunteers will work full days between Monday, Tuesday, Thursday, and Friday, with a half day on Wednesday to explore the park.

Meeting Time and Place: Sunday, September 8th between 6p-7p at the Old Faithful Corral near employee housing.

Directions to Meeting Place:

Enter coordinates 44.457133, -110.840772 into Google Maps. From South Yellowstone Entrance, head northwest on US-191 N/US-287/US-89 N toward Snake River Picnic Loop, approximately 38.2 miles. At 38.2 miles take a Left to enter employee housing area. Take your first Right after passing the bike path, then another Right and follow the parking area til you reach the dumpsters. Take a Right at the dumpsters. At the next intersection take a Right towards the Old Faithful Corrals. Park along side of road. Study the map before arriving.
